Mr. Queenan;

There was a lot of misinformation going around. There was no hearing scheduled on this issue. The MA Against HP folks were shopping around a policy that they wanted a city councilor(s) to sponsor. They put out a date of April 23rd on their own, without any councilor saying that they would sponsor the order. This resulted in people thinking that the issue was already on the agenda. So nothing has been "postponed". If a councilor wishes to bring this issue forward then they will. Another point, Somerville declined to deal with this issue a few years ago. You can certainly approach your councilor

Thanks again for your response.

I wasn't aware that I needed to meet you to voice my opinion as a local resident.

What I don't understand nor respect is the willingness to give in to these sentiments, and to abandon your own morals for said sentiments.
